## **BOOK SYNOPSIS**

800 Q&A deliver a rigorous review for pulmonary board certification Part of the acclaimed McGraw-Hill Education Specialty Board Review series, this well-illustrated review is essential for pulmonary medicine physicians preparing for board certification or recertification. The coverage mirrors the board exam outline of the American Board of Internal Medicine (ABIM), focusing specifically on the most commonly tested topics in obstructive lung disease, critical care, diffuse parenchymal lung disease, sleep medicine, infections, and neoplasms. Offering more illustrations than similar reviews, Pulmonary Disease Examination and Board Review delivers authoritative coverage of the key concepts tested on the certification exam, including: making a diagnosis, test ordering and interpretation, treatment recommendations, understanding epidemiologic studies, understanding pathophysiology, and applying basic science knowledge to clinical situations. Case-based presentation mirrors the exam format Includes numerous high-quality images, including: x-rays, CT scans, and electrocardiograms Excellent as clinical refresher in pulmonary medicine
